

Chicago Small Business Package

Quick Fact Sheet

What is this?

The Chicago Small Business Package proposes reforms to eliminate barriers and streamline processes for small businesses in Chicago, focusing on reducing red tape, cutting costs, and simplifying procedures for starting and expanding businesses. Key reforms target zoning, process improvements, debt checks, and city department communication.

Why its Important?

These reforms are vital for economic growth and revitalizing Chicago neighborhoods. Simplifying zoning and reducing costs and delays will help local entrepreneurs thrive, particularly those with limited resources. Streamlining inspections, licensing, and communication ensures businesses can operate efficiently, supporting small businesses and boosting the local economy.

How You Can Help?

Spread the word about the importance of cutting red tape and simplifying business processes in Chicago. Engage with your local representatives, attend city council meetings, and voice your support for these necessary changes. Follow us on social media to stay updated and show your support!
